98-170 and NSD File No. L-00-72.

Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

I feel this is unfair I only have a cell phone for one purpose only and that's emergencies. I do not talk on them. I bought a prepaid cell phone and have to buy cards for to keep it active so I can not afford any other charges to keep this phone. These additional charges would force me to give up my phone and thats unfair. If I would break down in my car along the road this would be serious to me I am handicap. I cannot walk long distances and I rely upon my phone in a situation like that. Please don't add charges on these types of phones.

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,
